

## M'ADOO SAYS U. S. WILL WIN SOON

Asserts Misguided Pacifists in Effect Are Traitors

### ENCOURAGING THE KAISER

Secretary of the Treasury Launches Campaign in Cleveland

Cleveland, Oct. 2.—Assailing bitterly those "well meaning but misguided people who talk inopportunistically" of peace, Secretary McAdoo launched yesterday the campaign for America's second great Liberty loan. Speaking to a great crowd in the public hall in the chamber of commerce building here, the head of the treasury department said:

"America intends that this fight shall be won and won quickly. America intends that those well-meaning but misguided people who talk inopportunistically of peace when there can be no peace until the danger which has rotted civilization in Europe is extinguished and destroyed forever shall be silenced.

"I want to say here and now and with due deliberation that every pacifist speech in this country made at this inopportunist

## HOOD'S SARSAPARILLA AND PEPTIRON PILLS

Conditions that are both scrofulous and anemic are very common. Many persons whose faces are "broken out," cheeks are pale, and nerves are weak, suffer from them.

There is an effective, economical remedy in the combination of Hood's Sarsaparilla and Peptiron Pills, one taken before eating, the other after.

In these medicines taken in this way the best substances for the blood and nerves are brought together.—Adv.

tune and improper time is in effect traitorous. More than that, it means the needless sacrifice of many more American soldiers upon the battlefields and the expenditure of much more American treasure. Every such speech is an encouragement to the kaiser to fight harder and longer, and that means more American boys uselessly killed.

"The quicker we realize that, the better we shall understand what has got to be done in this war. We intend that freedom and democracy shall be made supreme throughout the world. America has to be made safe and secure for the future."

Mr. McAdoo discussed the war preparation of the nation in detail, and then

avowed: "The important thing to do at the moment is to provide the first sinews of war. What are they? Always money. No class in this country can finance this war. Congress has decided these bonds shall be offered to all of the people of the United States, and this financing can be successfully done only by the cooperation of all of the United States."

### GERMANS QUELL RIOT OUTSIDE KRUPP WORKS

Violent Demonstration at Essen Because Michaelis Refused to State Peace Terms.

London, Oct. 2.—A demonstration against the German government on Saturday at Essen, home of the Krupp works, in consequence of the decision of Chancellor Michaelis not to state Germany's peace terms, is reported in an Exchange Telegraph dispatch from Amsterdam. Women formed a majority of the demonstrators, says the dispatch, breaking windows of the town hall and shouting demands for more food, for peace and for the return of their men folk. The police and military were called out to quell the riot. Two women were injured and several were arrested. The whole of Essen is reported to be in a state of ferment.

### MUSTN'T LET JAPANESE SHIPS TO FOREIGNERS

Imperial Order Prohibits Selling, Chartering or Mortgaging Such Vessels.

Tokio, Oct. 2.—An imperial ordinance promulgated Sunday prohibits without permission of the government the selling, chartering or mortgaging of Japanese ships to foreigners. The edict, which contains 13 articles, applies also to vessels building or contracted for. The minister of communications is given control over steamship routes, passengers and cargo rates, and is also given authority to commandeer shipping yards and material. The decree will become effective Monday.

## CONGRESS BALKS AT EXPULSIONS

Heflin and La Follette Sensations Wane

### COOLER HEADS NOW PREVAIL

Disposition of Both Senate and House to Drop Whole Matter

Washington, Oct. 2.—Neither the Heflin sensation in the House, nor the La Follette sensation in the Senate gives promise of continuing as such much longer. Both branches of Congress appear to be backing off from these two topics, as though they were loaded with dynamite.

Excitable members of the House still demand the scalp of Thomas J. Heflin for having said there were disloyalists in the House without proving it, and there is undoubtedly a strong feeling in the Senate that affirmative action should be taken in response to the petitions demanding the unseating of Senator La Follette for his alleged treasonable remarks at the Non-Partisan league convention in Minneapolis. Yet it is altogether probable that neither Heflin nor La Follette will be expelled.

In the Heflin matter time is working to soothe the wounded feelings of many of the members, who last week were standing in their chairs on the floor of the House shaking their fists at Heflin and insisting that there be a formal investigation of his charges of disloyalty, so that, if he could not prove them, he could be expelled.

Gradually these feelings have worn off among the older and more conservative leaders on both sides of the House, and the hotspurs who still cry out for action are being advised to "forget it."

In the Senate it is conceded among many members who would gladly see La Follette rebuked in drastic fashion that expulsion of the Wisconsin member might set a precedent that might prove very embarrassing later on.

It is felt that the problem of drawing the line on what constitutes treason in public speeches is an extremely difficult one, particularly inasmuch as administration spokesmen in the Senate are inclined to characterize as unpatriotic every kind of unfavorable criticism of the government's policies in the conduct of the war, and to cast the slur of disloyalty upon every attempt to maintain some form of legislative control or restriction on the tremendous and unprecedented powers that have been vested in the government.

From various indications that have already appeared, there are many Republicans who feel confident that before the war has gone much further cause will be given for sharp criticism of the policies of the government. Consequently the disposition is to proceed cautiously about censoring any member who speaks his mind freely, even though in some cases the utterances are patently treasonable. In any event it is felt by many sen-

## CHILD'S TONGUE BECOMES COATED IF CONSTIPATED

When Cross, Feverish and Sick Give "California Syrup of Figs"

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system is full of cold, has sore throat, stomach-ache or diarrhoea. Listen, mother! See is tongue coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

ators that the Senate should confine itself to rebuking treasonable speeches made on the floor of the Senate and not utterances on the outside.

### NEW IMPEACHMENT PETITION.

Ithaca Patriots Demand Expulsion of LaFollette, Stone and Gronna.

Washington, Oct. 2.—Impeachment of Senators LaFollette, Stone and Gronna was demanded in a petition presented to the Senate yesterday by Senator Wadsworth of New York. The petition was signed by members of the Rotary club of Ithaca.

It charged that LaFollette, Stone, Gronna and others have been obstructing and hindering the government and asked for their removal "as enemies."

### AUSTRALIAN WHEAT COMING.

With Flour Has Been Placed on the Free List.

Ottawa, Oct. 2.—Australia has put wheat flour on the free list.

In a report received here from R. D. Ross, Canadian trade commissioner at Melbourne (date Aug. 16), 150,000,000 bushels of wheat were said to be stacked in warehouses, waiting transportation overseas. The domestic price to the miller is \$1.16, probably lower than in any other part of the British empire.

By reason of thorough distribution with the drug trade in the United States and lower selling costs, reduced prices are now possible for

## VERY FEW WILL ESCAPE TAXES

War Revenue Bill Touches Purse of Every American

### EXCESS WAR PROFITS WILL PAY THE MOST

Almost Half of the Total Amount Is to Be Collected From Them

Washington, Oct. 2.—The \$2,725,000,000 tax bill, up for final action yesterday in the House, "catches" almost everybody from the cradle to the grave, and for good measure devises a few new taxes on the heirs.

Baby's first dash of talcum powder will, under the two per cent. manufacturers' tax on cosmetics, help Uncle Sam carry on the war, and after death the federal collectors will be on hand to get the inheritance tax, at advances on the present rate of from one per cent. on \$50,000 to 50 per cent. on \$1,000,000.

Between birth and death most of man's activities would be taxed, voting a proxy at a meeting of a cemetery association being one of the few specifically exempted.

Those who have profited most by the war, the recipients of enormous excess war profits, will pay the most to help carry it on.

Almost half the total amount of the bill, or about \$1,100,000,000, is to be collected from them.

The person who writes a postal card will be caught, for cards will sell for two cents each by the provisions of the bill. Letters will be three cents. He will be taxed when he goes to a moving picture show if the admission is over five cents, and also at other amusements from the man in the gallery to the man in the box.

A host of stamp taxes designed to raise \$300,000,000 also will get the man with little money in many ways. His greatest consolation is that the consumption taxes, which would have made him pay on coffee, tea and sugar, were stricken from the bill.

The man of moderate means, as well as the wealthy, is affected by the income tax section. Normal rates have been doubled and exemptions lowered to \$1,000 for single persons and \$2,000 for married ones. Surtaxes for incomes above \$5,000 range from one to 50 per cent., the maximum applying to incomes over \$1,000,000. This section is expected to raise \$600,000,000.

Included in the taxes imposed on manufacturers are levies of one-quarter of a cent a foot on motion picture films; two per cent. on the sale price of chewing gum, and three per cent. on automobiles, musical instruments and jewelry.

Even drowning one's troubles in drink or sending them up in smoke will cost more, for the levies on all kinds of drinks and tobacco soar. The new rate on whiskey is \$2.10 per gallon and on beer \$2.50 a barrel. Wine taxes will be doubled, and even grape juice will be taxed a cent a gallon.

A person cannot escape taxes by travel. Eight per cent. is assigned on passenger tickets and steamer tickets also pay a tax.

Some confusion and misinterpretation has arisen out of the working of the section imposing stamp taxes on negotiable instruments, which has been misconstrued to mean that a tax would be placed on bank checks.

The bill says: "Drafts or checks payable otherwise than at sight or on demand," etc., two cents for each \$100. The official interpretation of this section is that as a check is payable at sight or on demand, it, therefore, is excluded from tax.

#### The Great Divide.

The woman in the prime of life need not dread the loss of her youth when growing elderly. While some charms diminish, others should replace them—claims of experience, cultivation, wisdom. The great physical changes met between the fortieth and fiftieth year are indeed serious, and are not always well borne. In the strain of modern life, few women are in condition to meet these changes without some apprehension of deranged health. But with the excellent help of Lydia E. Pinkham's Vegetable Compound, that old, trustworthy woman's medicine, a woman may confidently expect to enter later life as well and robust as ever.—Adv.
